PROFILE

I am a highly skilled and creative web developer in designing and building interactive and user-friendly websites and web applications. I am passionate about staying up-to-date with the latest web technologies and trends to deliver innovative and high-quality projects. My dedication to clean code, performance optimization, and excellent user experiences sets me apart in the field. I thrive in collaborative environments, where I can contribute my technical expertise to deliver innovative digital solutions

OBJECTIVES

As a web developer, my objective is to learn and grow in a dynamic development environment. I aim to use my expertise in HTML, CSS, JavaScript to create exceptional user interfaces while gaining hands-on experience with modern web frameworks and tools. My goal is to become a proficient web developer collaborating with a talented team to create user-friendly, visually appealing, and efficient websites and web applications.

WORK EXPERIENCE

MOVING HEALTH ORGANIZATION – ACCRA, GHANA

ROLE: FULL-STACK DEVELOPER   (*APRIL, 2024 – TO DATE)*

❖ Developed and enhanced the Ambulance Telemetry Dashboard using Next.js and PostgreSQL to integrate real-time ambulance telemetry data.

❖ Focused on security, scalability, and efficiency of backend services.

❖ Collaborated with UX/UI designers on intuitive, responsive user interfaces.

❖ Participated in the full software development lifecycle.

WEBDRAFT IT SOLUTIONS – KUMASI, GHANA

ROLE: INTERN   (*FEB, 2023 – SEPT, 2023)*

❖ Collaborated with the company's teams to design, develop, and maintain responsive web applications that meet user requirements and business goals.

❖ Championed responsive design principles, guaranteeing a seamless experience for users across various devices, including desktop, tablet, and mobile.

❖ Utilized a tech stack that includes HTML, CSS, JavaScript, React, and Mongo DB to build interactive and performant user interfaces.

❖ Developed user interfaces with modern JavaScript frameworks, CSS3 and HTML5, which improved user satisfaction by 33%

❖ Worked closely with the development team to ensure all features were implemented correctly and met project requirements

AVENTLE TECHNOLOGIES – KUMASI, GHANA

ROLE: FREELANCER   *(JAN, 2022 – DEC, 2022)*

- ❖ Collaborated with UX/UI designers to turn wireframes and mockups into responsive, pixel perfect designs.

- ❖ Translating design concepts into code using HTML, CSS, and JavaScript.

- ❖ Ensuring that websites and applications display and function correctly on various devices and screen sizes (desktop, tablet, mobile)

- ❖ Implementing techniques to enhance website loading speed and overall performance.

- ❖ Using version control systems like Git to collaborate on projects and track changes to code.
