# CURRICULUM VITAE

## FUSEINI ABDUL WAHAB

Email: abdulwahabfuseini78@gmail.com

Phone: **+233245264999 | +233277984606**

Street: E.O NSENKYERE AVENUE

Address: ASOKORE MAMPONG – KUMASI

## PROFILE

I am a highly skilled and creative web developer in designing and building interactive and user-friendly websites and web applications. I am passionate about staying up-to-date with the latest web technologies and trends to deliver innovative and high-quality projects. My dedication to clean code, performance optimization, and excellent user experiences sets me apart in the field. I thrive in collaborative environments, where I can contribute my technical expertise to deliver innovative digital solutions

## OBJECTIVES

As a frontend developer, my objective is to learn and grow in a dynamic development environment. I aim to use my expertise in HTML, CSS, JavaScript to create exceptional user interfaces while gaining hands-on experience with modern web frameworks and tools. My goal is to become a proficient web developer collaborating with a talented team to create user-friendly, visually appealing, and efficient websites and web applications.

# WORK EXPERIENCE

## WEBDRAFT IT SOLUTIONS – KUMASI, GHANA

ROLE: INTERN

FEBRUARY, 2023 – SEPTEMBER, 2023

★ Collaborated with the company's teams to design, develop, and maintain responsive web applications that meet user requirements and business goals.

★ Championed responsive design principles, guaranteeing a seamless experience for users across various devices, including desktop, tablet, and mobile.

★ Utilized a tech stack that includes HTML, CSS, JavaScript, React, and MongoDb to build interactive and performant user interfaces.

★ Developed user interfaces with modern JavaScript frameworks, CSS3 and HTML5, which improved user satisfaction by 33%

★ Worked closely with the development team to ensure all features were implemented correctly and met project requirements.

## AVENTLE TECHNOLOGIES – KUMASI, GHANA

ROLE: FREELANCER

JANUARY, 2022 – DECEMBER, 2022

★ Collaborated with UX/UI designers to turn wireframes and mockups into responsive, pixel-perfect designs.

★ Translating design concepts into code using HTML, CSS, and JavaScript.

★ Ensuring that websites and applications display and function correctly on various devices and screen sizes (desktop, tablet, mobile)

★ Implementing techniques to enhance website loading speed and overall performance.

★ Using version control systems like Git to collaborate on projects and track changes to code.
